

## **KSI**

Killed or seriously injured

## **Young Drivers**

This category counts any KSI casualty resulting from a collision with a young driver (17-25) in vehicle 1. Vehicle 1 is the driver most likely to be at fault.

## **Motorcycles**

This category counts any KSI casualty from a collision involving any powered two-wheeler.

## **Drink Drive**

This category counts any KSI casualty from a collision in which one of the drivers failed or refused a breath test.

## **Speeding**

This category counts KSI casualties from any accident for which one of the following causation factors is recorded:

- Excessive speed for conditions (pre-2005)
- Exceeding speed limit
- Travelling too fast for conditions
